1999 Subject Index Volume 22

Activities of daily living, after total gastrectomy, 220
Acupressure, 85
Adaptation, of chemotherapy recommendations, 246
Adolescents
  fatigue in, 277
  terminally ill, parents of, 71
Adult transplant recipients, pain in, 397
Aging, in women with breast cancer, 185
Alternative medicine/therapy, 85
  nurses' perspectives on, 238
  oncology nurses' perspectives on, 90
American Cancer Society, Program of Professorships in Oncology Nursing, 228, 230
Anxiety
  cancer follow-up clinics and, 448
  in compliance with chemotherapy, 246
  over genetic risk of cancer, 327
Aromatherapy, 85
Attentional Function Index, in women with breast cancer, 185
Attitudes
  in Latin America, 51
  of student nurses about breast self-examination, 430
Beliefs
  as barriers to cancer pain management, 196
  in Latin America, 51
Bioelectromagnetics, 85
Biologic treatments, 85
Blood transplant, pain in recipients of, 397
Body image
  after cancer therapy, 438
  breast cancer treatment and, 421
Bone marrow transplantation
  autologous, 103
  pain in recipients of, 397
  quality of life after, 340
Breast cancer
  body image and decision making about treatment of, 421
  concerns and needs of patients with, 157
  menopause as issue in, 164
  multidimensional health locus of control and knowledge of in rural population, 456
  out-of-pocket expenses for, 389
  pretreatment symptoms distress in, 185
  risk factors and detection of, 6
  self-care measures for patients with, 312
  supportive nursing care around surgery for, 172
  women's sexuality after therapy for, 438
Breast self-examination
  among student nurses, 430
  training for, 320
Breast-conserving surgery, body image and, 421
CAMPTOSAR injection, in clinical practice, 212
Cancer
  communication in care for, 370
  danger signs of, multidimensional health locus of control and knowledge of, 456
  diagnosis of in mothers, 58
  learning to live with, 79
  new management strategies for, 28
  screening for among Korean-American women, 297
Cancer experience
  in Latin America, 51
  in mothers, 58
Cancer follow-up clinics, attendance at, 448
Cancer myths
  in Latin America, 51
  multidimensional health locus of control and, 456
Cancer nursing
  challenges of, 6
  future of, 1, 6
  international conferences on, 1
  international views of, 39
  moral dimensions of, 251
Cancer pain, concerns and misconceptions about among Chinese patients, 408
Cancer patients, 17
  caring for and about, 414
Cancer prevention, education for in developing countries, 358
Cancer program, adapting to resources, 6
Cancer risk, pathologic anxiety over, 327
Cancer treatment
  alternative, 85
  assessing women's sexuality after, 438
Caregivers, stress with tasks of, 260
Caregiving
  for cancer patients, 414
  in families, 63
Cervical cancer
  incidence of, 6
  psychosocial determinants of well-being with, 303
  screening for among Korean-American women, 297
Chemotherapeutic agents
  for gastrointestinal malignancies, 290
  pharmacology of, 176

Chemotherapy
in cancer management, 28
compliance with recommendations for, 246
controlling nausea and vomiting with, 307
costs of for breast cancer patients, 389
self-care measures and, 312
side effects of, 312
temporal differences in coping, mood, and stress with, 266
Children, fatigue in, 277
Chinese cancer patients, concerns and misconceptions about pain among, B
Clinical benefit response, to gemcitabine, 176, 290
Clinical pathways, for bone marrow transplantation, 103
Clinical trials
decision-making for, 119
nursing, morality, and emotions in, 251
College women, breast self-examination beliefs, attitudes, and knowledge of, 430
Colorectal cancer/carcinoma
irinotecan for, 212
spiritual well-being in patients with, 134
Communication
in cancer care, 370
skills for, 17
Community cancer center, compliance with chemotherapy recommendations in, 246
Complementary therapy, 85
oncology nurses' perspectives on, 90
Continuing education
on cancer prevention, 358
on communication in cancer care, 378
on fatigue in pediatric oncology patients, 288
on pretreatment symptom distress in breast cancer patients, 195
on spiritual well-being, 141
Control, locus of, in mammography behavior, 149
Coping
with chemotherapy, 266
with colorectal cancer, 134
in families, 63
Costs, of breast cancer, 389
Counseling, genetic risk, 96
Cranial irradiation, distress associated with, 126
Cross-cultural nursing studies, 39
Culture-bound interpretations, 39
Cultures
accepting differences in, 6
living with cancer and, 79
relativity of
of cancer nursing care, 45
in views of cancer, 39
sensitivity to, 39
traditions of in Latin America, 51
Cytotoxic agents, in cancer management, 28
Decision making
about breast cancer treatment, 421
about mammography, 380
for phase III cancer clinical trials, 119
Developing countries
cancer prevention education in, 358
palliative care in, 33
Diarrhea, irinotecan and, 212
Disability, with extremity soft-tissue sarcoma, 111
Distress
with cranial irradiation, 126
pretreatment symptom with breast cancer, 185
Donors, unrelated, 340
Dumping symptoms, after total gastrectomy, 220
Emotional support, for family, 63
Emotions, in clinical trials, 251
Empathic understanding, classifying, 204
Endometrial cancer, psychosocial determinants of well-being with, 303
Europe, learning to live with cancer in, 79
European Oncology Nursing Society, 5
Evidence-based practice, 370
Exercise of Self-Care Questionnaire, after chemotherapy for breast cancer, 312
Extremity soft-tissue sarcoma, gender issues in, 111
Familial cancer syndrome, pathologic anxiety in response to, 327
Family
burden for breast cancer treatment on, 389
coping of, 63
roles in after cancer diagnosis in mothers, 58
stress with tasks of caregivers in, 260
Family history, in genetic risk counseling, 96
Family-centered care, 63
Fatigue
in pediatric oncology patients, 277
in women with breast cancer, 185
Focus groups, in assessing women's sexuality after cancer therapy, 438
Folk remedies, 85
Follow-up clinics, attendance at, 448
Gastrectomy, long-term quality of life after, 220
Gastrointestinal malignancies
gemcitabine for, 290
new agents for, 212
Gemcitabine
in clinical practice, 290
pharmacology of, 176
Gender issues, in extremity soft-tissue sarcoma, 111
Genetic mutation, pathologic anxiety in response to, 327
Genetic risk
family history in counseling for, 96
pathologic anxiety in response to, 327
Genetics resources, in genetic risk counseling, 96
Gynecologic cancer patients
controlling chemotherapy-induced nausea and vomiting in, 307
psychosocial determinants of well-being in, 303
Health behaviors
among Korean-American women, 297
of student nurses, 430
Health beliefs
as barriers to cancer pain management, 196
in mammography behavior, 149
multidimensional health locus of control and, 456
Health care
communication in, 370
economics of breast cancer treatment in, 389
Herbal remedies, 85
Hong Kong
barriers to cancer pain management in palliative care setting in, 196
misconceptions and concerns about cancer pain in Chinese patients of, 408
stress with tasks for family caregivers in, 260
Hope, 17

in tobacco control, 21
Hormone replacement therapy, breast cancer and, 164
Hospice care, 33
in quality of life, 350
Illness demands, spiritual well-being and, 134
Immunology, in cancer management, 28
Information needs, on bone marrow transplantation, 103
Inherited cancer risk, counseling for, 96
